OneRise Founder's Circle:

A Transformational Investment Opportunity

Dear Friends,

As we enter a new chapter in Kansas's mental health care, I invite you to join the OneRise Founder's Circle. OneRise is a call to action for improving behavioral health services, as Kansas has long ranked low nationally in this area. Today, we can change that. Our mission is clear: to be a catalyst that revolutionizes behavioral health care through a comprehensive, person-centered model.

Our family is committed to this mission through strong organizational infrastructure, operational sustainability, and a generous donation of land for the Kansas Regional Mental Health Hospital. The OneRise Health Campus is not just a physical space; it is committed to healing, prevention, and restoration.

However, we cannot do this alone. We are creating a community of individuals and organizations committed to this cause. The OneRise Founder's Circle consists of leaders supporting this initiative with generosity, expertise, and advocacy.

Our ***Together We Rise Seed Capital Fund*** transforms funding by uniting social impact investors, philanthropists, and community leaders to invest in a sustainable, innovative campus model for Kansas's future. As a Founder's Circle member, you will help make OneRise a model of care to inspire nationwide change.

Together, we can build a culture where mental health is valued like physical health, ensuring individuals and families receive the care they deserve. Join us in this historic effort to improve behavioral health in Kansas. Your investment in OneRise empowers lives we can heal together. Thank you for your time and consideration. We look forward to welcoming you to the OneRise Founder's Circle.

Warmest regards,

JEFF LANGE
